

Brut is a collaboration with Peter Dahmen, both designer and paper artist.

Dating back to when they were made of stone, the coffered ceiling was considered an architectural feat of construction. Inspired by the Brutalist movement, Brut was designed to be lightweight but to give the appearance of a massive, monolithic ceiling with a rigid geometric style. This product ships flat and magically folds into this dimensional tile.

Installation types:

Drop the tiles into any 9/16" or 15/16" tee- grid.

Installation / Maintenance

Configure each tile according to the illustrations below. Insert the finished tiles into the tee grid.

To remove dust or air-borne particulate matter, simply vacuum the tiles or use compressed air. For deeper cleaning of stains, use a clean cloth or sponge with a non-solvent base solution of carpet shampoo always making sure to follow the manufacturer's instructions. Starting from the outside of the stain work in a circular motion towards the center which should avoid spreading the stain. Afterwards, use a clean sponge or cloth with clean warm water to remove excess moisture. Allow to dry, then brush the area gently with a soft brush if needed.

The treatments listed above are intended as general guidance only. FACT design takes no responsibility for any damage that may occur from the execution of the treatment listed above.
